Pranav Patil

3D VFX ARTIST

About Me

I'm a creative and detail-oriented 3D Animation and VFX artist, trained at MAAC Andheri (Mumbai) in 2023. I have hands-on experience with industry-standard tools in modeling, texturing, rigging, animation, VFX, and compositing. Passionate about visual storytelling, I combine creativity with technical skills to bring ideas to life and stay updated with the latest trends in digital animation.

Experience

VFX Senior Editor
Sunmax Cinema Studio 2023- Present

- Worked on 30+ commercial projects including films, series, ads, and music videos.
- Delivered VFX, 3D, and design work under tight deadlines, and guided interns as a Senior VFX Editor.

Video Editing Intern
Chandrakant Studio, Matunga 2023-2023

- Observed professional video editing of Marathi serials and studio projects.
- Learned industry editing workflows, tools, and techniques through hands-on exposure.

Production House
Strawberry Pictures, Mumbai 2021-2023

- Sound Assistant: Managed mic setups, battery checks, and on-set noise control for 30+ Marathi serial shoot days.
- Junior Actor: Performed supporting roles in Boss Majhi Ladachi and Tumchi Mulgi Kay Karte.
- Assistant Director: Assisted with shoot planning, script coordination, and on-set crew management.

Graphic Designer
Hibiscus Business Solutions 2019-2021

- Designed creative assets for social media, logos, templates, banners, and book layouts for various commercial clients. Delivered visually engaging and brand-aligned content across digital and print platforms using tools like Photoshop, Illustrator, and Canva.

Wedding photographer and filmmaker
D Photography And Film's 2018-2019

- Captured 50+ weddings, delivering personalized photo and film stories with 95% client satisfaction and strong referral-based growth.
- Produced creative wedding films and streamlined post-production, reducing editing time by 30% and speeding up delivery.

Projects

Strata Global – 3D Maps

- Designed 3D environment maps for Transport, Industrial, Landfill, and Mining sectors to market and demonstrate product applications effectively.
- Used animation and visual storytelling to zoom into specific areas, showcasing how and where products are used, enhancing client understanding and engagement.

Vivo V40 Lite Ad

- Performed advanced VFX including crowd removal, sky replacement, wall and floor cleanup, car number plate change, and background building insertion.
- Applied AI-based color temperature adjustments and UI feature enhancements using AI-assisted ease edits for a clean, modern output.

Piramal Finance Anniversary Ad

- Designed a creative ad showcasing customer stories using a newspaper-style visual, where each page revealed a unique success story.
- Highlighted the company's journey through a flipbook-like layout, blending storytelling and design effectively.

Languages

- English
- Hindi
- Marathi

Dano Milk Ad

- Replaced real milk packets with tracked 3D models, created dynamic 3D milk splash effects, and added interactive popups for brand visibility.
- Enhanced clarity with TV screen insertions and motion graphics to emphasize product features.
